Meet The Guardian Gold

by Varsity Water Systems

Add a reverse osmosis filter to get gold medal quality protection from water contaminants that can affect your health.

- **LED Light Reminder**
Indicates when it's time to change your filter cartridges

- **Compact Design**
Easily fits in tight spaces

- **Carbon Filtration**
Pre- and Post- carbon filters to capture chemical and residual contaminants

- **Reverse Osmosis Membrane**
Filter material effective down to the molecular level

- **Safety is Standard**
Third-party tested and certified for the removal of harmful contaminants

- **Dedicated Faucet**
Separate your drinking water from the water used for washing dishes

- **Made in the U.S.A.**
Homegrown construction, quality, and service

Step up your drinking water
with the *Guardian Gold!*

Start Enjoying Today!

Purified water is the foundation of a healthy lifestyle. Here's what you can expect after adding The Guardian gold to your home:

- **Ditch the bottled water** and save big on your grocery bill
- **Reduce your family's exposure** to unsafe contaminants
- **Better tasting coffee, tea, and beverages** made with water from the dedicated faucet
- **Cook with confidence** knowing your rice, pasta, soups, and more aren't absorbing contaminants
- **Real-time quality monitoring** with built in cartridge replacement
