

The *Scale Shield*

by Varsity Water Systems

SCALE MEETS ITS MATCH

SAVE MONEY & ENERGY

Appliances run more efficiently

IMPROVED TASTE

Added filter freshens water

ECO-FRIENDLY

Salt-free operation

PROTECT YOUR HOME

Prevent damage and clogged pipes

Hard water just got a lot easier!

Every time water moves through your home, hardness minerals are leaving their mark. **The Scale Shield** steps in to change the game.

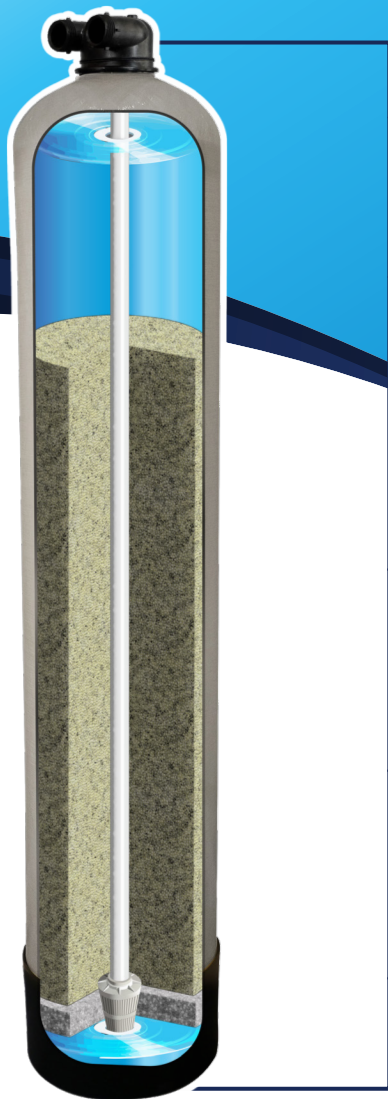

The specialized design deactivates the power of those minerals to build up in your faucets, appliances, and plumbing—all while providing improved taste and odor.

Meet The **Scale Shield**

by Varsity Water Systems

Your salt-free solution to the most common municipal water complaints.

- **On-Demand Treatment**

Water simply flows through tank as needed

- **No Salt Needed**

Low maintenance and eco-friendly operation

- **Multi-Purpose**

Includes built-in filtration to improve taste and odor

- **Safety is Standard**

Thoughtfully designed with corrosion-free materials

- **Made in the U.S.A.**

Homegrown quality and service

Tackle hard water issues
with the *Scale Shield!*

Start Saving Today!

Scale buildup is costing you more than you think. The Scale Shield can help you:

- **Protect your water heater** by preventing hardness minerals from damaging the heating element
- **Keep your dishwasher running efficiently** without a layer of scale reducing performance
- **Preserve a strong water pressure** by stopping the buildup that restricts the pipes in your home
- **Enjoy better tasting water** from every faucet with built-in filtration
- **Breathe easier while bathing** and cleaning with reduced chlorine vapors caused by hot water
