

The *Infinity*

by Varsity Water Systems

NEVER RUN OUT OF GREAT WATER

UNINTERRUPTED DELIVERY

Soft water all day, all night

PROTECT YOUR HOME

Prevent damage and clogged pipes

TREAT YOURSELF

Smooth, hydrated skin and hair

SAVE MONEY & ENERGY

Real, measurable savings every year

Giving you around- the-clock *soft water!*

Most water softeners need a break during operation to regenerate the system, leaving your home unprotected. **The Infinity** is there for you with a constant flow of high quality water. It's twin tank design ensures that there is always media ready to go when you need it.

Meet The *Infinity*

by Varsity Water Systems

The efficient twin tank design provides an infinite amount of treated water, day or night, even in high water demand locations.

3 Sizes Available

Made in the U.S.A.

Homegrown quality and service

*Stay in the game
with the Infinity!*

Start Saving Today!

Hard water has been quietly working against your home long enough. Here are some real-world* numbers on how soft water can save money every day.

- **50% less cleaning supplies** saving \$200-\$300 per year
- **20-30% more efficient water heater** saving \$150-\$200 per year
- **Fabrics last 15% longer** saving \$100 per year on replacements
- **30-50% longer lasting appliances** saving \$100-\$150 per year from avoiding repairs

*Based on a family of 4 with water that has 10-20 gpg of hardness
