If you're looking for water that will work smarter, **The Oracle Iron** is your all-natural answer to better tasting and functioning water.

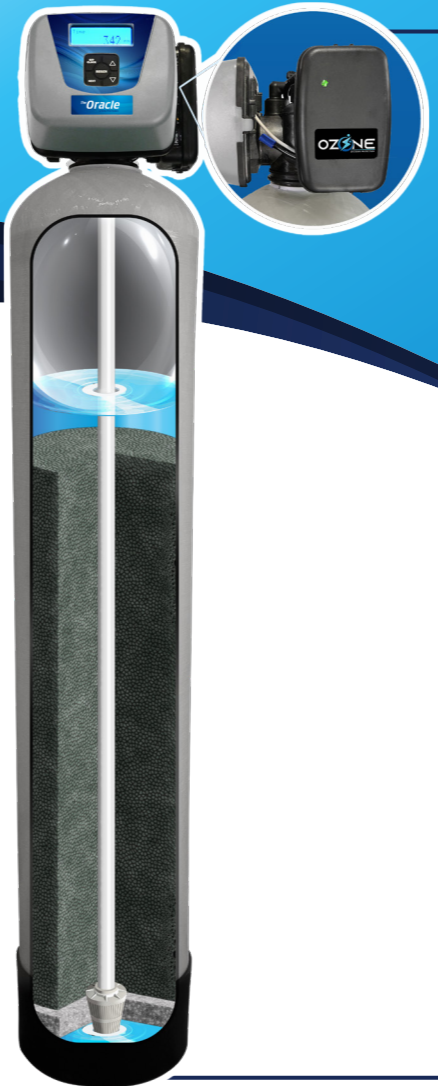

Target dissolved iron to convert it into an easy-to-filter particle and protect your home.

Meet The Oracle Iron

by Varsity Water Systems

Proactively introduces air to change dissolved iron into solids that can be easily removed.

- **Ozone Generator**
Creates a chemical-free cleanser to reduce bacteria growth in tank
- **Two Sizes Available**
Customized for your unique needs
- **Fast-Acting**
Compressed air plus specialized media oxidizes iron to reliably capture it
- **Safety is Standard**
Corrosion-free materials built to last with sensors to prevent leaks
- **Made in the U.S.A.**
Homegrown quality and service

Start Saving Today!

Iron in your water is not only irritating, it also leads to extra costs long term. Here's how The Oracle Iron can help you save:

- **More efficient water heater** and other appliances operating without layers of rust buildup
- **Spend less on cleaning supplies** and time trying to scrub away embarrassing stains
- **Fabrics last longer** reducing the need to buy replacements every year
- **Buy less bottled water and other beverages** when your tap water tastes less metallic
- **Get cleaner faster** with free-flowing pipes, shower heads, and faucets that aren't clogged with rust deposits
