

The Oracle HS

by Varsity Water Systems

FRESHEN UP YOUR LIFE

BACTERIA PROTECTION

Self-cleaning to reduce bacteria growth

FAST & RELIABLE

Tackles the toughest odor issues

SAVE MONEY & ENERGY

Real, measurable savings every year

IMPROVED TASTE

Foul smells and flavors are gone

Delight your senses with *better water!*

Water that smells like rotten eggs is suffering from hydrogen sulfide gas (HS_2). **The Oracle HS** is the all-natural answer to fresher, cleaner water.

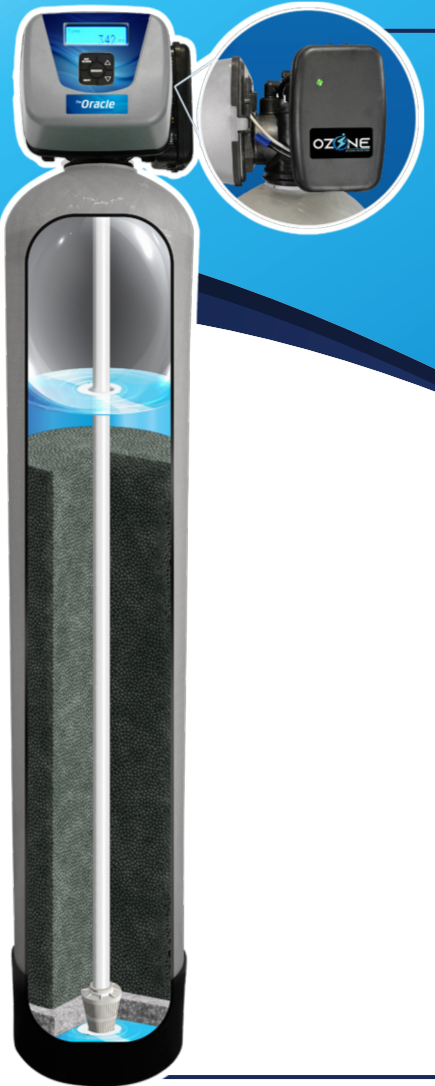

Target hydrogen sulfide gas to convert it into an easy-to-filter particle and protect your home.

Meet The Oracle HS

by Varsity Water Systems

Proactively uses air to change dissolved hydrogen sulfide into solids and removes them.

- **Ozone Generator**
Creates a chemical-free cleanser to reduce bacteria growth in tank
- **Two Sizes Available**
Customized for your unique needs
- **Fast-Acting**
Compressed air plus specialized media oxidizes HS_2 to reliably capture it
- **Safety is Standard**
Corrosion-free materials built to last with sensors to prevent leaks
- **Made in the U.S.A.**
Homegrown quality and service

Start Saving Today!

Hydrogen Sulfide in your water is not only annoying, it also leads to extra costs long term. Here's how The Oracle HS can help you save:

- **Spend less on cleaning supplies** used to fight staining and embarrassing odors
- **Appliances, fixtures, and pipes last longer** saving replacement and water damage repair costs
- **Buy less bottled water and other beverages** when your tap water smells and tastes better
- **Replace clothes less often** when cleaned with fresh filtered water
- **Pasta, rice, and soups taste better** when cooked with tap water

Rejuvenate your water with the *Oracle!*
